Welcome to Timeout!

- If possible, please use Chrome or Firefox as your browser

- You may use webcams with less than 5 participants, provided they are set to "low quality". Otherwise, restrict camera use to 1-2 people to reduce the load on our systems.

- The session may be recorded by the host, and this will be indicated by a timer

- You can upload your own presentation, which you may annotate live

- Please report all errors and queries to support@srcf.net

- Current documentation including tips, examples and other useful information is available at https://docs.srcf.net/timeout

- If you find Timeout useful, consider joining us or donating
